

### REMARKS

Applicant thanks the Examiner for his kind suggestions in the pending Action and in his telephone message of today for amending claim 7 to make it (and thus dependent claims 12 and 13) allowable. The amendment to claim 7 above, which raises no new issues because it presents a limitation already examined in claim 15 that the Examiner indicates will make claim 7 allowable, should be entered and the rejection of claims 7, 12 and 13 as anticipated by Berry should be withdrawn.

In view of the above, early action allowing claims 7, 12, 13 and 15 is solicited.

In the event the U.S. Patent and Trademark Office determines that an extension and/or other relief is required, Applicant petitions for any required relief including extensions of time and authorizes the Commissioner to charge the cost of such petitions and/or other fees due in connection with the filing of this document to Deposit Account No. **03-1952** referencing docket no. **246472006000**.
